Dear Baron Schroder,

I am pleased to tell you that I managed to buy the four Old German Cups, Lot 115, at Christies' to-day for you at a most reasonable price, viz. 290 Guineas.

I could not buy the little Cup, Lot 119; it fetched 34 Guineas. I bid up to 33 Guineas, which I thought was high enough as you did not seem particularly keen on it.

I will take care of the Cups until your return from your Continental visit, and enclose herewith my account for same. I also enclose a catalogue of the Sale, thinking you might require it.

Hoping you will have good weather, and will benefit from the change,

Believe me to remain,

Yours very truly,

Dionel A. Crichton.
